Dear Messrs. Farnsworth and Barney:

Re: Notice of Intention to Commence Small Mining Activities, Buildingstone and Limestone Project, S/039/005, Sanpete County, Utah

Thank you for your letter, received by the Division October 26, 1992, concerning your proposed exploration project located in the NW/4 of the NW/4 of the SE/4, Section 32, T18S, R1W, SLBM, Sanpete County, Utah. The letter does not satisfy the notice requirements of Rule R647-3 of the Utah Mined Land Reclamation Act of 1975, Title 40-8, Utah Code Annotated.

The following information is still required:

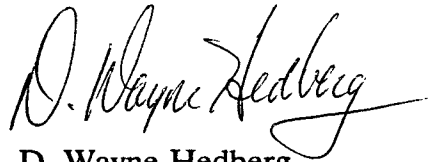

R647-3-104, Form MR-SMO, Item I.(6), the surface and mineral owner notification section was not completed. You are advised to formally notify the Division of State Lands and Forestry of your intentions (contact Mr. Jerry Mansfield at (801) 538-5479).

R647-3-105, Form MR-SMO, Item II.(2), the operator has not provided a topographic base map showing the location of the proposed small mining operation. A copy of USGS 7.5 minute quadrangle map is usually sufficient. Haul/access roads (existing, proposed or upgraded) and any other areas of previous mining-related disturbance should be clearly indicated on the map.
